Date Signature of Agent

hereby petitions the Commissioner to accept the accompanying Declaration and Power of Attorney by it, as the party to whom the invention disclosed and claimed rightfully belongs, on behalf of and as agent for the inventor, Franck Savard.

The Declarations of Dominique Francois and Almut Gersting, attached hereto as Exhibits A and B respectively, provide proof of the pertinent facts concerning the refusal of Mr. Savard to join in the present application for patent, and establishing that Shimano has a sufficient proprietary interest in this matter to make application on his behalf as his agent. The Declaration of Almut Gersting further details her bona fide attempt to procure Mr. Savard's signature and his letter of refusal dated May 23, 2001, attached thereto as Attachment 1. The Declarations further show this action is necessary to preserve the rights of the parties and to prevent irreversible damage.

The name and address of the inventor refusing to join in this application are as follows:

Franck Savard
11 Lotissement des Tertres
F-22400 Planguenoual
France

Mr. Savard, as sole inventor, initially assigned 50% of his interest in the invention to Christian Gauthier by Contract of Assignment dated June 12, 1998. Subsequently by separate Contribution Contract dated June 12, 1998, both Savard and Gauthier assigned their respective interests in the invention to the company EGS of Catellerault, France. Certified English translations of the above Contracts are attached hereto as Exhibits C and D respectively. Upon liquidation of EGS under French bankruptcy law, Shimano acquired all patents and pending patent applications from EGS at auction.

If there are any other fees required by this communication, please charge any such fees to our Deposit Account No. 16-1820, Order No. 33354.

Respectfully submitted,
